Attention POV Registered Owners

Did you know that the Stuttgart Auto Containment Facility, located on Panzer Kaserne, is the only authorized parking area for non-operational vehicles? Any USAREUR registered non-operational vehicle parked anywhere else is in violation of USAREUR Regulation 190-1, USNAVEUR Instruction 11240.6J and USAFE Instruction 31-202, Nov. 1, 1996. Exceptions are only for personnel residing on the local economy and are must be approved by the vehicle registration office. It's important to remember that all non-operational registrations are valid for 180 days and that only the Stuttgart Area Support Team commander can authorize extensions under extreme circumstances.

The Auto Containment Facility is used only for the temporary storage of privately owned vehicles that are non-operational with the intent of repair and usage; temporary storage of vehicles when a customer is deployed or leaves the area for an extended temporary duty and needs the vehicle to be stored in a secure environment; and second vehicles, such as motorcycles, that are not intended for use during the winter and need secure storage.

Vehicles are considered abandoned when the active or non-operational registration expires and the 30-day grace period is exceeded. Abandoned vehicle owners are subject to suspension of driving privileges for 180 days and punitive actions under UCMJ or the Civilian Misconduct Authority. Owners must remember that the marked-off area next to building 2917 and across from the Auto Craft Shop, as well as the parking area in front of building 2935, the AAFES Car Care Center, on Panzer are not authorized parking areas for registered or abandoned vehicles. Those wishing to sell a car must properly register their vehicle and then it can be parked in the marked parking area next to the Panzer Bowling Alley. Contact the Panzer Installation Coordinator's Office, 07031-15-683, for any of the above information or with questions. (Special Note: Authorized parking for all recreational vehicles is at Kelley Barracks. Call the Kelley Installation Coordinator's Office, 0711-729-2522, for more info.)

Allowance Adjustments Made

Effective Jan. 3, the Office of Allowances will no longer adjust the living quarters allowance rates biweekly for changes in the value of the U.S. dollar against local currencies. Unless there is a significant devaluation of the U.S. dollar that would cause employees to be substantially out of pocket, the allowances in effect at the beginning of CY 1999 will remain until the post submits new quarters expense reports. This change implements one of the proposals from the recent Interagency Working Group that studied the LQA methodology. For more information call Casey Chapman, 0711-729-2372.

Check Ballpark Franks Package

The Defense Commissary Agency, Europe, is asking customers who purchased Sara Lee Ball Park Franks in late December '98 to inspect the packages. On Dec. 22 the Sara Lee company

voluntarily recalled a number of products due to suspected Listeria contamination. In DeCA Europe only one of the suspect products is carried: 16-ounce package of Ballpark Meat Franks with the product code 05450000085 and Ballpark Beef Franks, 05450000086, are affected. If on the edge of the package the letters "EST" followed by P261 or 6911 appear, please return the product to the commissary for a full refund.

Kelley Barracks' Back Gate Open

With the hiring of contracted gate guards from Ponds Security, the back gate to Kelley Barracks is now open from 6 a.m. to 6 p.m. Mondays through Sundays.

Contract guards are manning the front gate as well. This change officially makes Kelley a closed post. For details call Earl Thompson, 0711-729-2606.

SERVICES

Plan for Payment Delays

On Jan. 25 the 208th Finance Battalion began implementing an updated version of the Integrated Automated Travel System. As part of the process, payments were temporarily halted and staff training is needed. This will result in a temporary backlog. Customers should expect delays as the 208th works through this backlog created by the transition.

Officials are confident they will overcome this backlog quickly and again achieve their goal of a one- to three-day turnaround within the Travel Section.

Customer Service will remain open during the transition to respond to inquiries and to screen vouchers before processing. For up-to-date information visit the Web site, www.208fb.mannheim.army.mil or call 0711-680-5100 for details.

Delayed Opening of Fitness Center

Due to contract deficiencies, the Patch Fitness Center will continue to be closed for at least another week. Significant deficiencies in contractor performance have delayed acceptance of the facility. All available means to expedite completion of the necessary work have been taken. A follow-up message will be provided as soon as a firm date for reopening is available. Thank you for your patience and cooperation.

All APOs will also be closed Feb. 15 to observe the Presidents' Day federal holiday.

And finally, with the exception of Patch Barracks, area APOs will be closed Feb. 18 and 19 due to 510th Postal Company's Change of Command. EDUCATION & TRAINING

Take Advantage of Computer Training

The current USAREUR Systems Administrator and Network Managers Training Program can assist units in ensuring that their staff is properly technologically trained, but they must be registered. Throughout USAREUR, it is estimated that about 50 percent of those operating on the military network have had no formal training. Proper training yields great improvements.

Better yet, all the scheduled classes have been paid for (except TDY costs to be paid by the unit) – so why not take advantage of this training?

Spaces are now available in upcoming classes; however, classes that do not have at least eight people signed up three days prior to the start date will be cancelled. Contractors or personnel not assigned to a USAREUR unit do not meet the requirements, therefore need not apply. For more information visit the Web site, <http://training.2sigbde.army.mil>, or e-mail Alex Morales (moralesa@hq.2sigbde.army.mil).
